Balkanization in America!

The dictionary defines balkanization as the division of a country or territory into small, hostile states.

This definition is only half right, what it fails to explain is that balkanization is an organic adjustment that occurs along racial, ethnic or religious allegiances. It can be reflected in political loyalties but other factors do have a greater impact.

By Pastor Thomas A. Robb

Balkanization is going to happen to America. It boils down to racial demographics which are depleting the white population in America. White people will statistically be a minority very soon. Already we are morally, spiritually and culturally an extreme minority. The overwhelming majority of preachers fail to give warning and have become part of the one world church.

The election of Donald Trump is further proof that what we have been saying is correct. We are seeing Nationalism on the rise, both here and throughout Europe.

It is certain that Trump is not the ideal president, but his election is an indicator of growing white resentment..

And this white resentment is fueling the white resistance.

The main reason for the growth of this nationalism, both here and in Europe is the unfettered invasion of nonwhites into our homeland

America's new immigrants are majority non-white.

Was Christianity Responsible For Wars in Europe?

By Pastor Thomas A. Robb

Non-Christian white nationalists sometimes make the statement that Christianity is responsible for the deaths of millions of our Aryan brothers and sisters because of the senseless religious wars which have occurred over the centuries. I understand their frustration in making such a statement. However, Christianity is not responsible for these religious wars which killed a multitude of our Aryan brothers and sisters.

Religion is only one reason wars have been fought. Wars have also been fought

over oil, water, business interests, land, lust, adultery, assassinations, navigation rights, drugs, border disputes, taxes, a desire to get slaves, a desire to maintain a king's power and for money.

It is sin and not Christianity which is to blame. The same kind of sin that existed in the hearts of our pre Christian ancestors who also killed many other Aryan brothers and sisters over the centuries.

Long before Christianity our white brothers were fighting each other in war.

See **WAR** page 3

WAR from page 1

The Trojan War was waged against the city of Troy by the armies of the Achaeans, after Paris of Troy stole Helen from her husband Menelaus, king of Sparta.

There was the Punic Wars fought between Rome and Carthage between 264 and 146 BC. They are known as the Punic Wars because the Latin term for Carthaginian is *punicus* meaning Phoenician.

The main cause of the Punic Wars was the clash between the existing Carthaginian Empire and the expanding Roman Republic.

The Peloponnesian War (431–404 BC) was an Ancient Greek military conflict, fought by Athens and its empire against the Peloponnesian League, led by Sparta.

We can also look at the war of the Romans against the Gauls in 58 BC which extended as far north as Great Britain. The Gauls were the people living throughout western Europe such as France, Germany, Belgium and Switzerland. As many as 1 million people (probably 1 in 4 of the Gauls) died, another million were enslaved, 800 cities were destroyed during the Gallic Wars. About 40,000 defenders in the city of Avaricum, located in central France were slaughtered.

About 275 BC a large army of 20,000 Gauls invaded Greece and became mercenary soldiers to King Nicomedes I, king of Bithynia who was in a war for power against his brother. As payment for their service to the King they were allowed to settle in central Asia Minor and became known as the Galatians. The apostle Paul wrote his book Galatians to these people in about 60 A.D.

Of course there were other wars fought with the Vandals, Goths, Saxons, and others. All the same people with different names.

All these wars took place before Christianity.

While it is popular among those that hate Christianity to blame the Christian faith for being responsible for the deaths of millions in religious wars, the fact is war

The Gallic Wars: Europeans fighting Europeans - 50+ years before Christianity.

has existed since the beginning of time.

Don't be victimized by those who hate Christ and attempt to cause you to turn against the faith of your forefathers.

It is our sin nature which causes us to hate, kill and make war. Don't blame Christianity. Christianity has not been the cause of war. The fact is that Jesus Christ has taught us to love one another. Remember the teaching of Jesus Christ was founded on two principles. 1) Love your God and 2) Love your people. For that reason our Christian faith is the only power that can unite our people. Blood and faith are the twin pillars which gives strength to Western Civilization.

O'Reilly: Left wants 'power taken away from the white establishment'

Bill O'Reilly, the former host of *The O'Reilly Factor* stated on December 20 that liberals want to get rid of the Electoral College because they want "power taken away from the white establishment."

After Hillary Clinton won the popular vote but lost the election to Donald Trump, O'Reilly said, "*The left in America is demanding that the Electoral College system put into place in 1787 be scrapped. But there is a hidden reason for this.*"

O'Reilly explained on his show that a close look at the voting patterns revealed that most of the minority votes usually went to Democrats, and that getting rid of the Electoral College would silence white voters in rural areas.

"Very few commentators will tell you that the heart of liberalism in America today is based on race. It permeates almost every issue. That white men have set up a system of oppression. That system must be de-

stroyed," he said, explaining how he believed liberals view the world.

O'Reilly's statements came a day after the Electoral College elected Donald Trump as president, despite an unprecedented attempt from Democratic electors to sway Republican electors to vote against their party's candidate.

"White men have largely abandoned the Democrats, and the left believes it's because of racism that they want to punish minorities, keep them down," he added.

"Summing up: Left wants power taken away from the white establishment. They want a profound change in the way America is run. Taking voting power away from the white precincts is the quickest way to do that."

Though we keep hearing about how white men came out for Trump: the facts have been revealed that white women and college educated also broke for Trump. Don't be fooled by FAKE NEWS that white women support "liberal" positions - they clearly do not. White women care about the future of their children also.

Balkanization from page 1

In Europe there is growing resentment to the European Union (EU) for its policy of forcing member nations to accept the flood of "refugees" into their country. Poland and Hungary have already stated that they will not be accepting anymore "refugees" and now the Czech Republic has said it has had enough and will not process anymore of the "refugees" they have been assigned.

The growing flood into our own nation has fueled the resentment of many Americans. In America we are seeing a steady migration of white people into the heartland. (Time Magazine reported on this in March of 2010). The vast majority of these nonwhites invading America are in our coastal states.

For this and many other reasons - our current government is unable to survive. I am aware that Trump may stem the tide of the nonwhite invasion - I just don't know, but I do think that the breakup of America (as we know it) is almost a certainty and this will be brought about by this balkanization. If we are observant we will see signs of the balkanization. But now we are seeing a huge sign - one that I might add we have predicting for many years. California has passed legislation that in affect is a middle finger to the federal government. I am not defending the federal government. Many White nationalists have frustrations with the federal government also. I am only looking at the action which helps

show this breakup. California has declared itself a sanctuary state. More defiance to the federal government is going to grow - this is the same thing that happened when the Bundy's were found not guilty in a trial brought upon them by the feds.

The point is that the decision for California to declare itself a sanctuary state is a sign of this balkanization and is a good thing - I know this sounds strange - but some things just have to happen and as you see them happening it a reason to rejoice. White people, I guess, just have to hurt before they will repent.

America will never be the same again. The America you knew has been changed forever.

I know I have written on this many times and I will write about it many more times. But you need to understand what is happening.

I know Donald Trump has been a good thing for our racial awakening and this has made people excited. However, racial demographic will be the master of the next election in 2020 and 2024 and unless something drastic happens white people will soon lose all political power. The Satanic Rebellion which is the master mind of Cultural Communism is doing what ever is possible to get Trump impeached and destroy him politically. You need to understand that if they get their political power back - they will never let this out of the bag again. They will clamp down and silence their opposition.

I am quite aware that God has His plans - but we don't always know what they are and certainly don't always understand them. And since we must work in this present evil world, we must do so to the best of our ability.

Those involved in the White Resistance are usually quite evangelical. They pass out literature, attend meetings, participate in rallies and demonstrations.

All of this is good and should always be encouraged. I have done much of it. But we must also lift our eyes to what lies in front of us and how to prepare ourselves for it. Years ago I began to realize that we also needed to build for the future. We cannot keep using the same tactics over and over again - often times even questioning how successful they are.

That is why we began to direct our attention to the establishment of this White Christian Retreat in the heart of the Ozarks. The establish-

ment of this white Christian family retreat gives the ability to build a viable response to those which seek to genocide our people. And it has been done in a community that welcomes us. The Christian Revival Center and The Knights working together produces daily internet radio shows, weekly church services, billboard advertising and has made the Harrison, Arkansas the epic center of the White Resistance.

I want to assure you that the Christian Research and Development Center for which we have been raising money will be a game changer for the White Resistance.

I believe the vision for this was a gift from God. The possibilities - the open doors and the opportunities are staggering.

I am aware that you can go to most any white nationalist web site or attend their conferences and hear about the chaos that is upon our people. We know that, but we want to step into the chaos and build something for the future

The national government of the United States can not continue. The national debt, alone is unsustainable. White people are alarmed.

The Christian Research & Development Center is going to be a place from which we can continue our massive outreach. In addition, it is also going to allow us to train leaders and spokesmen for our national awakening. It will contain a library with many old and rare books I have obtained over the years, a multi-media center, classrooms for instructions and a memorial hall recognizing some of the great nationalist leaders of the past as an inspiration point for people. Such leaders as Connie Lynch, Gerald L. K. Smith, Willis Carto, Robert Miles and of course some of those great southern heroes such as Nathan Bedford Forrest.

Tomorrow Starts Today

by Muriel L Robb

Proverbs 3:5-6, *“Trust in the Lord with all thy heart and lean not unto thine own understanding. In all thy ways acknowledge him and he shall direct thy paths.”*

Do you ever get discouraged? Disheartened? Let down by friends, betrayed by someone you felt had your back? Weary of the battle of life? Can't figure out your purpose in life, the “whys & hows” of your life's journey. Thought you'd have advanced further in life then you are at now? So many whys, how comes, what ifs and why me - Lord!

Yet, if we're honest we must admit that we have all stumbled into self pity, feeling sorry for our selves, worrying, wondering and doubting.

We're human, we don't walk on water, but we can better equip ourselves for tomorrow, because tomorrow is here today. Like anyone addicted to a substance, you may fall “off the wagon,” but you do not stay in the ditch. You get up, dust yourself off and begin anew. One day at a time. The past is past - learn from it! “Tomorrow” we don't know if it will be given to us. But

we have today - a day to heal, renew our strength, gird up our loins, educate, inform, receive instructions, take on hope, count our blessings and be a blessing. It is *today* which we hold in our hand - it is a gift from God our creator/father. What will we do with it? Learn from the

past, plan for the future. But *today* holds the secret to all your tomorrows. What's your attitude like? You can't treat people like garbage and worship God at the same time. Are you an over comer? What about bitterness, holding grudges, gossiping, jealousy - remember your brothers are on the same team, don't try to degrade them, undermine and discourage them - rather uplift them.

Don't stop serving, giving, loving - even during hard times. Be encouraged by one another. You have nothing

to prove to God, he sees you as you are - you can't fool him. Remember in the family of God, our parts, station and responsibilities are not all the same. There is no small parts, we are all have vital roles so don't compare yourself to another person, thinking what they are doing is more important or less important than what you are doing. Fulfilling our purpose is a full time job and we must do it faithfully and joyfully.

The only Jesus most people see is the Jesus in you. Start with God each day and end with God each night. This thing called Christianity is a daily walk. Remember tomorrow starts today. You either put God first in your life or Satan will be first. Its a life long struggle being a soldier for Jesus Christ. Are you acting like a good soldier? Build up your faith so you can be an over-comer. Build today for tomorrow. Remember manipulating, gossiping, tearing others down, causing doubt, being critical, trespassing into others lives just doesn't make it with Christ. You don't build your life up by tearing others down. Be an encourager for tomorrow

you may be the one that needs encouraging. Train for the trial you are not yet in. Tomorrow starts today!

We choose our attitude - choose happiness, peace and joy or choose fear, anger and bitterness. Its your choice! Christ gives us a free will so choose wisely! Its your

choice. The Christian walk allows you to see possibilities but without Christ life is a burden. There is a lot of potential for each of us. There are many arrows given to the body of Christ, but only one target -witnessing for the Kingdom of God. We are his people, serving under the banner of King Jesus. Remember, we choose our attitude shaped by discipline. Many don't like the concept of discipline, but if we do not discipline our lives than we choose to wail and carry about foolishly. James 4:6 says, *“But he gives us more grace. That is why*

TOMORROW from page 5

Scripture says: "God opposes the proud but shows favor to the humble." Many Christians and so-called leaders in this struggle fail and fall because of their prideful nature. God can't use them as fully as he would. Their pride is a sign of their weakness and others can see it even if they can't.

Your thoughts can make you or be your undoing. Proverbs 3:5-6, *"Trust in the LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths."* Confusion is not from God. Satan wants to burden us down in legalism - stumbling over silly doctrinal debates. People sometimes spend their whole life studying a finite point, writing books, spending their sermons on insignificant points of "law." At least that is the way I see it, then they miss the greater teaching of the law: to love one another. They miss the forest for the tree. Worry less about others and consider God's plan for your life. Don't worry about God's plan for your neighbor. There are some basic beliefs which are very important. Jesus Christ: born of a virgin, died for our redemption and conquering death rose again the third day and that we are the sons and daughters of God through Abraham, Isaac and Jacob and who were given the Ten Commandments as our moral law.

These are definite laws. These are essential as much as our love for our people is essential. We are to accept and love each other as this is the commandment of the Lord, Romans 15:5-8 says, *"Now the God of patience and consolation grant you to be likeminded one toward another according to Christ Jesus, that ye may with one mind and one mouth glorify God, even the Father of our Lord Jesus Christ. Wherefore receive ye one another, as Christ also received us to the glory of God. Now I say that Jesus Christ was a minister of the circumcision for the truth of God, to confirm the promises made unto the fathers."*

We are being told to be patient with one another. There are those that are weak and they need to be encouraged to be strong. Don't be stumbling block but be a stepping stone for those who need to become stronger. We are children of the Most High through

Abraham, Isaac and Jacob-Israel and we are justified through Jesus Christ. Sometimes people want to add something to their faith and claim it too is essential. You have to accept a certain doctrine or teaching of the church, you have to use certain phrases, observe certain dates and worship in a certain manner. There is nothing you can add to the simple faith that Jesus Christ is the redeemer and paid the price for our redemption.

The non-essentials are where we Christians are allowed to diversify, these are the gray areas so we are to love one another, not judge harshly. We may be divided in some areas but need to be united on our commitment to race, faith and homeland. So be careful -mindful - of what we do or say that can hurt another brother or sister so we don't cause them to stumble because of our attitude or actions. We have a responsibility of how we live. People see Christ through us. We are his witnesses. How are you doing?

The Bible says they will know us by our love for each other. How's your witness? Are people confused when comparing your words to your life? Our words may say we are on God's side, but does our life say we are on the other side? Can people tell whose side you are on? Don't compromise your faith and moral law. Galatians 6:9 says, *"And let us not be weary in well*

doing: for in due season we shall reap, if we faint not." And the next verse says, *"As we have therefore* opportunity, let us do good unto all men, especially* unto them who are of the household of faith."*

Quit messing up your life, stay strong, don't give up, don't quit the cause. Opposition will come against us - expect it! Tomorrow starts today. Don't get involved with unGodly people. Stay away from churches, doctrines, people and habits that discourage you and pull you down. Do not guide your life by your feelings or your circumstances. Let Jesus Christ and His word be your instruction book - our compass. Keep on keeping on. In due season we will receive our answers and our reward.

If you want to change then expect challenges, expect

Stay Faithful!

By Pastor Thomas A. Robb

We all understand that faithfulness is a virtue. The United States Marine Corp adopted as their motto, Semper Fidelis - Always faithful.

It is something we want to be and we want our children to understand that as they grow older they must be a person of character, possessing faithfulness to wholesome ideals and principles which are right, good and noble. We are told in Scripture that one of the names given to Jesus Christ is: Faithful.

I want to give you 3 reasons why you must be faithful.

#1 You must be faithful, because YOU need your faithfulness.

You can not teach faithfulness to your children if you are not first displaying faithfulness.. It is like those instructions they give on airplanes. If you are instructed to put on your air mask - do yours first and then that of your children. Why? Because if you are overcome from a lack of oxygen you won't be able to help your children.

You must be an overcomer. You must overcome the affairs of this life, you must overcome your weakness. You must overcome your temptation. You must overcome your foolishness. And you can do that through a commitment to faithfulness.

The Apostle Paul compares it to a race. He says anything that will slow you down and keep you from winning the race must be put aside.

#2 You must remain faithful because your children need your faithfulness. In fact all those who look at you and look at your life need it. If you have children then **Your children need to see your faithfulness.** If you want them to learn faithfulness then you have to be faithful because they will learn it from you. You have to first become what you want your children to be.

The Bible says raise a child in the way he should go and when he is old he will not depart from it. This is the teaching I learned from my parents. I saw in them their faithfulness. From a child I was taught to love Jesus Christ and put my trust in Him as my only salvation. While I was in my mother's womb my ears heard her pray. Before I came forth in birth I heard my mother sing the songs of the faith. Before I could walk I was taught to walk in His footsteps, before I could form words in my mouth I was taught to give praise for our redemption, before I could kneel in prayer I was taught to give glory to His name and before I could speak His name I was taught to know His name. Throughout my

70 years of life I have obeyed the teaching of my father and my mother. I have never forgotten, I have never forsaken the teachings of my youth. From the hour of my birth, I have been faithful.

I learned that from my father and mother.

And 3rd you must be faithful, because our nation needs your faithfulness. Where would we be today if it were not for the faithfulness of those who stood on the fields of Lexington. Where would we be today if it were not for the faithfulness of those who stood on the summit of Bunker Hill.

These were men who understood commitment and faithfulness. Major General Israel Putnam, the man who was in charge of American soldiers at Bunker Hill understood how important their faithfulness was to the nation. Shortly before the battle he stated. *"We know what we are contending for; we will set our country an example of which it shall not be ashamed and show those who seek to oppress us what men can do who are determined to live free or not live at all."*

During the American Revolution a mother wrote a letter to her son who was with the army of George Washington. The mother wrote. *"Everyday, my son, I pray for your safety."*

After receiving the letter that young American soldier wrote back. *"Dearest mother, thank you for your prayers, but I must ask you, if you must pray, do not pray for my safety. But pray always that I will be faithful and have the courage to do my duty."*

Our countrymen in 1776 well knew how important their faithfulness was to the nation. And because of their faithfulness the soil of America was made holy with every drop of blood spilt from their veins.

Are You a Victim of Fake News?

By Pastor Thomas A. Robb

We hear a lot today about Fake News. But Fake News has always been around. Jeremiah 23:31 says,

"I am against the false prophets," says the Lord. "They use their own words and pretend it is a message from me. 32 I am against the prophets who prophesy false dreams," says the Lord. "They mislead my people with their lies and false teachings!"

This verse clearly talks about and condemns wicked people who spread fake news claiming it to be true. We are told that the people are misled because of Fake News.

The verse says this Fake News is spread by "false prophets." I know that the image people have of prophets is some old bearded man waving his arms around and warning people that they better repent. However, that is not the case. Prophets were historians, promoted patriotism and were teachers of moral law. They held a pastoral role, but they were also a political power in the state. Prophets were essentially teachers.

In fact the Bible records there were actual schools teaching people to become prophets. These schools were in Ramah, Bethel, Gilgal, Gibeah, and Jericho.

There were, of course major prophets chosen by God. Most of the prophets were men, but there were also several women prophets- Most notable was Deborah and Huldah.

Judges 4 tells us of Deborah who led the army of Israel against Jabin the King of Caanan. Then 2 Kings tells us of Huldah. According to chapter 22, After the law of the Lord was discovered during a renovation of the temple - King Josiah instructed the priests to take the book to Huldah, the prophetess, so she could explain its meaning to them.

Of course there were good prophets and there were bad prophets. Here in Jeremiah we read how some prophets were not faithful to the Lord - They lie, mislead, corrupt and destroy

In verse eleven of chapter 23 it says, *"Both the prophets and the priests live as if there were no God."* How many people do you know who act as if there is no God, no consequence and no judgment?

Lately we are hearing a lot about fake news. The same lying prophets (teachers) which plagued ancient Israel also plague us today. Today we simply call it Fake News. They present things as truthful - but they are not.

Fake News has been used for years and has been a common practice in all military and political campaigns. The spreading of disinformation (false report) has been a military tactic for a long time. For example have you ever heard of the Quaker Cannon? They were commonly used in the 18th & 19th century and consisted of a simple a log painted black giving the appearance

of a cannon. On December 4, 1780-the Americans were able to trap about 125 British soldiers who took refuge in a home and barn near Camden, South Carolina. Col William Washington - surrounded the house - used logs as a fake cannon and forced their surrender.

Let's look at other fake news

Racial Equality

Children are bombarded with Fake News of racial equality - and what is the proof of this racial equality - We all bleed red - But it is Fake News - all warm blooded animals bleed red

Bleeding red doesn't prove anything - its FAKE NEWS!

Born that way

We are told that homosexuals are born that way - that there is a gay gene - and many are presenting it as settled science - beyond dispute.

But it is Fake News

Two psychiatrists with John Hopkins University - Dr. Lawrence Mayer and former chief of psychiatry Dr. Paul McHugh* published a research paper in the prestigious The New Atlantis Magazine - *Sexuality and Gender*.

*McHugh been a full-time tenured professor for over four decades. Held professorial appointments at Princeton, the University of Pennsylvania, Stanford, Arizona State University, Johns Hopkins University, Bloomberg School of Public Health and School of Medicine, Ohio State, Virginia Tech, and the University of Michigan.

Their report shows that the claim that some people are born homosexual is lacking sufficient evidence.

To say homosexuals are born that way - is FAKE NEWS!

Jews are God's Chosen People

The claim that the Jews are the chosen people of Scripture is probably the greatest example of stolen identity in the history of the world.

God made a covenant with Abraham and Sarah. This was a generational covenant that was given to all their descendants.

Genesis 12 and Genesis 17 tells of the covenant and Jeremiah 31 and Hebrews 8 - shows these children of the Abraham would be become Christians

The children of Abraham became known as Israel - because of sin they were scattered out of their land and became the nations of Germany, England, Poland, Russia, Scotland, France and other nations of Europe

The claim that the Jews are the Chosen People is FAKE NEWS!

A Nation of Immigrants

We are being constantly told this because it is an effort to condition us to accept nonwhite immigrants into our country, but it is not immigrants we have issue with - but non-white immigrants

White people are afraid to say anything that sounds racial and are intimidated into silence while our country is flooded with aliens

Danish immigrants arrive at Ellis Island

As president, Obama said Muslim refugees are like the Pilgrims coming to America seeking religious freedom

It is true that America was filled with immigrants. But it wasn't just any immigrants it was immigrants from Europe. Until about 1970 America was still 92% white.

America grew to greatness because it was a white nation - We had only a very tiny Asian and Mexican population. Their numbers were insignificant. Most non whites were Negro and they came as slaves and not immigrants.

The first immigration policy was created in March of 1790, after the forming of our Constitutional Republic limited immigration to whites only

All the US territories formed up until the Civil War (War of Northern Aggression) limited citizenship to whites only.

So it is true we are a nation of immigrants but they were WHITE immigrants and to hide that fact is FAKE NEWS!

Diversity is our Strength

We are constantly bombarded with the notion that “Diversity is our strength!” but it shouldn’t take more than two brain cells to expose this myth. Our greatest weakness (as well as our strength) is our compassion and when our compassion is manipulated we are afraid to think about anything racial. It should be clear that there is strength in unity - not in division. Diversity is our Strength is Fake News!

Islam is a Religion of Peace

To realize the foolishness of this statement should only take ONE minute and the first 55 seconds you are drinking coffee.

Islam is a belligerent religion with a political agenda. Even the so-called peaceful Muslims have the same agenda as the terrorists. They work to crush our Christian faith,

to change our Constitutional Republic and to establish Sharia law in America.

OK I know some will argue that modern Muslims reject the harsh measures of Sharia law - but that doesn’t change anything. As a Christian nation we desire to be ruled by Christian laws which are rejected by Muslims.

To say Islam is a religion of peace is FAKE NEWS!

We Stole America from the Indians

First off Indians were a nomadic migratory people that never possessed the land - they were subjects of the land - they were migratory because after raping the land of its resources & killing anything that could possibly

be eaten. They were forced *by the land* to move to another hunting ground and continue the process all over again. The population of the American Indian was sparse which allowed vast open land for western expansion. It was only after savages terrorized the settlers, burning their homes, raping the women and carrying off the children that the army come in to restore peace.

To claim we stole the land from the Indians is Fake News!

There is No Such Thing as a Pure Race!

A study titled, *The Genetic Ancestry of African Americans, Latinos, and European Americans across the United States*, published in the January 8, 2015 edition of American Journal of Human Genetics - shows that very few white people have mixed racial blood.

The study was concluded from data provided by the DNA annalist company *23andMe*. Although most polling come to conclusions with sampling from as little as 1000 people this was a massive study with data coming from 148,789 *self identified white people*. The key words here are “self identified white people.” This is not biracial people - these are people who identify themselves as white.

It is interesting that according to the study, individuals with more than 5 percent Indian ancestry are most likely to self-identify as Latino. Understand this clearly. Those who say their grandmother etc. was an Indian is simply mistaken. That would be a 25% Indian ancestry, but this study shows that those with as little as 5% Indian ancestry self identify themselves as Latinos - not identified as white.

Geneticist Razib Khan pointed out in an article on The Unz Review “**What genetics is showing is that in fact white Americans are shockingly European to an incredibly high degree for a population with roots on this continent for 400 years.**” - “*the vast majority of white Americans who are not Hispanic do not have detectable non-European ancestry.*”

Furthermore, Khan continued, “**we’d be amazed that the indigenous peoples had so little demographic impact, and, that the larger numbers of people of partial African ancestry did not move into the general ‘white’ population,**”

This report concludes that the white Americans . . . “**did not mix to any significant extent with non-whites.**”

So the claim that we are all mixed anyway is nothing but FAKE NEWS.

Other fake news which we don't have time to discuss are:

6 million Jews were gassed by the Germans in World War II

America was created for religious freedom

Negroes helped build America

Thomas Jefferson fathered children by a black slave girl

America was founded as a pluralistic society

Adam was the father of all people

The Ethiopian of Acts 8 was a Negro

Moses married a Negro

Of course during Black History month there is a ton of Fake News.

The reason Fake News is disseminated is to create confusion.

To weaken the white resistance!

There are people who are swayed this way and then that way. We are told a double minded man is unstable in all his ways - he is like a drunkard who can't keep balance and stumbles to the right and then stumbles to the left.

We are told not to be swayed by every wind of doctrine.

We are told in Scripture that Satan is the author of confusion.

We are told in Revelations that Satan is the great deceiver.

This great deception is to weaken white people's moral resolve, weaken white resistance, to flood our dear homeland with aliens and bring about white genocide.

We are also told to test the spirits to see if they are from God. All of this fake news can be exposed if we take time to search it out.

Most people don't.

Unfortunately the awakening of our people will not come because of the intellectual pursuit of truth - but from being the victim of non-White hate as white people emotionally connect with the need to **Love their God and Love their people.**

TOMORROW from page 6

some trial and tribulation - expect to be uncomfortable. So put your hand to the plow and move forward. Galatians 1:10 asks us who are we trying to please - God or men? As we walk with Christ in this war to reclaim our nation and a future for white children, does this touch your pocketbook? Are you a man or woman with a lot of fluffy words? Money is a tool and you are a steward of what God has given you. How do you budget your time and money. Do you rob God? What kind of steward are you?

Today is your tomorrow. 1 Cor 10:13 tells us that God is faithful and that he will not allow more to happen to us than we are able to handle. We are stronger than we think. The Holy Spirit is our strengthener, so don't give up. Don't quit! Matt 11:28 says he will give us rest and comfort and He will sustain us if we just don't cave in and give up.

What a promise! There is no one on this earth that can give us this comforting promise. So let us not be part of the problem by becoming overcome with despair. We are the sons and daughters of God. We have a mission to be a beacon of light to our people, to help them find their way back to once again loving their God and loving their people. We must start by "fine tuning" our own lives so we become an instrument of value in the army of the Lord. We can't wait until tomorrow - because tomorrow never comes. Our tomorrow is today!

Your Estate can Continue the Battle for White Christian Revival After Your Death

A charitable bequest is simply a distribution from your estate to a charitable organization through your *Last Will and Testament*. To insure your bequest is followed accurately, you must use very specific language to indicate the precise direction of your assets, and to successfully carry out your final wishes. In any charitable bequest, be sure to accurately give the name and address of where your bequest is to be directed.

If you would like to leave a bequest to the Christian Revival Center, contact us and we will have the law firm of Jason Robb contact you to insure it is properly prepared. Or you can contact him directly at 870-743-2215 - He will prepare your *Last Will and Testament* at no charge to you or to the church.

FUTURE from page 4

We aren't going to win this battle by shouting White Power from the street corner, waving more flags than the enemy waves and we aren't going to win by just dumb luck. And God doesn't expect us to sit and do *nothing* while waiting on Him to do *something*. He expects us to follow the admonition given by the Lord to "Occupy til He Comes." Occupy means to assert our dominion mandate.

We must be about our Fathers business and our Fathers business is more than exposing the enemy of our people but it is also a message of Hope and Deliverance - a message of White Christian Revival. A word of warning, "*Thus saith the LORD, Stand ye in the ways, and see, and ask for the old paths, where is the good way, and walk therein, and ye shall find rest for your souls,*" Jer 6:16

This building campaign is essential. We have a goal of \$89,000. Contributions have been slow, but we have raised \$10,346. This is far short from what we need. But its not a bad start either. Can you make a commitment to rally behind this project. Could some of you get behind this in a really big way? I know most of you are hard working folks and to part with a few dollars is a real sacrifice of love. But maybe you can smoke a few less cigarettes, if you drink alcohol (I recommend you don't) maybe you could cut back a little or perhaps rent a few less DVDs. I have seen people come to our conferences and ask for a lower registration fee because they just "don't have it." Then sit and smoke two or three packs of cigarettes a day. The Bible tells us "*Where your treasure is - there will your heart be also!*" This message of White Christian Revival is vitally important. Millions our children need this message.

The tithe and offerings you send could help something that is actually important. And so those who do send \$50 or \$100 it is really appreciated. But there are also some who could kick in 10, 15 or 20 thousand and never skip a beat in their life style.

I would like everyone to make this a part of your daily prayer and ask the Lord to provide what is needed. You may never know how many lives you will touch because you cared.
